

TREE CERTIFICATE

Humanoo planted

1 TREE
for you

Your trees will help the fight against climate change, provide a habitat for animals, ensure healthy soils and restore natural water cycles while empowering local communities with income and education opportunities. Impact Hero collaborates with project partners in over 20 countries of the Global South where impact is highest.

This certificate confirms your contribution to sustainable development through reforestation projects in the Global South.

PLASTICS CERTIFICATE

Humanoo collected

1KG OF PLASTICS

for you

Your collected plastics contribute to cleaning our planet's oceans and rivers, safeguarding marine biodiversity and promoting human health. We recycle, upcycle or process all rescued plastics while empowering local communities with income and education opportunities.

This certificate confirms your contribution to sustainable development through waste collection projects in the Global South.
